##### Procedure for Inspection.

11. (a) Procedure at inspection : Internal inspection of Economiser chamber :- Detailed instructions of economisers are contained in Chapter XI of the Regulations. The following general procedure at inspection should be observed :-

At a through inspection of an economiser, the Inspector should wherever possible have either the steel casing doors open or the brickwork completely remove on the outer side of the economiser chamber to enable him to make a thorough examination of the external surfaces of the tubes. But before doing so, he should satisfy himself that proper provision has been made to isolate the economiser on the gas side as well as on the water connections of the boiler and from any other working economiser.

Should the Inspector find that the economiser has not been disconnected on the feed line or is not sufficiently sealed on the gas side or is unreasonably hot or not properly cleaned or sealed, he should decline to proceed with the inspection and report the facts to the Chief Inspector for orders under sub-section (2) of Section 14.

When an economiser chamber is of such a size or its construction is such that the Inspector cannot go inside, reasonable provision should then be made for the external examination of the principal parts. If for any reason the Inspector cannot examine it he should report the facts to the Chief Inspector for orders.

#### Preparation for Hydraulic Test :-

The chest of all mountings subject to water

pressure shall be in place and shut tight or blank flanged. The relief valve shall either be in place or removed and the chest opening blank flanged. The attachment\* or the Inspector's pressure gauge and the nipple\*\* for connecting the Inspector's test pump hose shall be in order. All caps shall be properly fitted and tightened up. The Economiser shall be completely filled with water, care being taken to allow all air to escape and, if possible, a preliminary test not exceeding the working pressure of the economiser shall be taken before the Inspector's visit to test the tightness of the joints. When an economiser is hydraulically tested for the first time, it shall be offered entirely bare, at subsequent tests, lagging or brickwork or protections therefore, shall be removed if required by the Inspector.

(b) Hydraulic tests of economiser at subsequent examinations shall except when the Inspector expressly requires otherwise, be made after the inspection. The test pressure to be applied to economisers at such subsequent examinations shall be from one and a quarter to one and half times the working pressure of the economiser.

12. External inspection of Economiser :- After the economiser has been cleaned the Inspector shall make a thorough examination so far as its construction permits. The external condition of the tubes should be carefully noted for wastage especially at the feed inlet end and all accessible tubes should be closely observed for graphitic wastage as far as it is possible and in the event of any failure these should be broken up for scrutiny so that the general internal condition of the other tubes may be estimated.

(b) Where tubes or other parts are wasted, the strength should be re-calculated;

(c) All cap bolts are to be inspected, also the condition and position of the dappars and buffer.

(e) The record of each inspection and calculations will be entered in the Memorandum of Inspection Book.

13. Casual inspection :- The Inspector shall note if the economiser is working satisfactorily and especially in accordance with Regulation 531 of the Indian Boiler Regulations, 1950. Particular note should be taken of the water temperature to see that the temperature of hot water in the economiser is 20° to 50° lower than the boiler steam temperature.

14. Proposals for reduction of pressure :- When the Inspector decides that an economiser in one or more of its parts is no longer fit for the pressure approved for it he should, without delay, report his proposals for reducing the pressure to the Chief Inspector.

25. Notes: The last certificate for the economiser should be shown to the Inspector.

## INSTRUCTIONS FOR THE ANNUAL PREPARATION OF THE ELECTORAL ROLLS DURING THE YEAR 1952

As required under Section 23 of the Representation of the People Act, 1950, the Electoral Roll of each Constituency has to be prepared every year in the proscribed manner by reference to the qualifying date. According to the instructions of the Election Commission, India, contained in their letter No. 125-52-Elec. I dated the 27th February, 1952, annual revision of the Electoral Roll should cover one fifth of the entire area of the State and also a detailed revision of the rolls in respect of certain special areas viz. (i) Urban Areas, (ii) Areas where there is floating labour population or unrehabilitated displaced persons are congregated and (iii) areas to and from where fairly large migrations are known to have taken place, will have to be made. The rolls of the remaining four fifth area are to be revised on the basis of existing rolls with such amendments of the list as may be worked out by reference to the National Register of Citizens and the records of death and corrections which otherwise come to the notice of Electoral Registration Officers.

According to the directions of the Commission under para 9 of the letter mentioned here above a State, if it is in her capacity, can carry out a hundred per cent revision of the rolls every year. As hundred per cent revision is not feasible in the state of Manipur it has been decided, for accuracy's sake, to confine to revising 60 per cent of the areas only.

Accordingly in the year 1952 the Electoral Rolls of the constituencies noted below will be intensively prepared with detailed house to house enquiry.

Registration, Deletion and Correction of names which are the basis of the Annual Preparation of names will begin from the 1st September and conclude on the 31st October, 1952 by reference to the instructions embodied in the Annexure I. The persons noted in the Annexure II have incurred the disqualification under Section 10 of the people Act, 1951, and as such their names

### NOTIFICATION.

**Registration Staff:—**As has been stated above the preparation of the new electoral rolls will be made on the basis of existing rolls by their revision. Copies of the relevant portions of the rolls will be supplied to circle Amins with

whom the works of the Annual preparations of Electoral Rolls have been entrusted. As circle Amins occupy the pivotal position in respect of the preparation of the rolls, they should work honestly and carefully in such a way that not a single mis-entry in the rolls has crept in. They will strike off names of all who have died or have left the area permanently for which the roll is being prepared; the reason of this should be given in the margin and initialed invariably by the registering official. Registration of new names viz. those persons who have by the time of the preparation of the rolls attained the age of 21 years should be done separately. In areas for which fresh rolls are required to be prepared, those names will be included at their appropriate places before printings.

**Supervisory Staff** :—Supervisor Kanangos of Tahsil Offices should work as Supervisors. They should minutely keep watch over the progress of the work of the circle Amins by making frequent tours at the area where the preparation is being carried on. They should also check the entries, corrections and deletion in the rolls by the registering officials as far as possible and should satisfy themselves that the work of their subordinates are cent per cent correct.

**Electoral Registration Officer**—Electoral Registration Officers are the highest and most responsible administrative officers in respect of the preparation of the electoral rolls. They should check the progress of the work and forward an abstract of their notes in this behalf to the Chief Electoral Officers for information. They should also bear in mind that time scheduled can on account be changed.

In the existing rolls some persons who apparently had not attained the age of 21 years had been registered. It should not be done as far as practicable. The registering officials should at the first instance ascertain the age of all persons willing to have their names registered in the rolls. A School certificate or a horoscope is a proof for ascertaining the age of a person.

The Registration Staff should let the people know by beat of drum that the electoral preparation work has begun. Notice also is being issued to the public through village Chowkidars to this effect. The registering staff should take with them the copies of the forms Nos. 1, 2, 3 & 4 from the office of the Electoral Registration Officers on the eve of their departure for the work.

#### TIME TABLE.

The time table noted below should be strictly followed under all circumstances and in no case adjournment will be allowed. It should be noted as most important.

1. Registration of names :—From 1-9-52 to 31-10-52
2. Compilation of rolls :—From 1-11-52 to 15-11-52.

**Allowances to Registration Staff**—As has been done in other provinces a sum of Rs. 8/- will be given for the first 500 names and an additional sum of one rupee for every additional 100 names. A contingent charge of one rupee will also be given to the Registration Staff.

(b) The Commission shall then determine the total number of seats to be assigned to the Legislative Assemblies of Part A and Part C States on the basis of the population as ascertained at the census held in 1951 and in doing so shall have regard to the provisions of clause (2) of article 170 and shall also ensure that the total number of seats assigned to the Legislative Assembly of a State forms an integral multiple of the total number of seats allotted to that State in the House of the People.

(c) After having determined the number of seats under clause (a) and clause (b), the Commission shall distribute those seats and the seats allotted to each of the Legislative Assemblies of Part C States under section 3 of the Government of Part C States Act, 1951 (XLIX of 1951) to the various territorial constituencies the boundaries of which shall be redrawn by the Commission in accordance with the provisions of the Constitution on the basis of the population as ascertained at the census held in 1951.

(d) In delimiting the said constituencies the Commission shall ensure that geographically contiguous areas are, as far as possible, grouped together to form one constituency and shall also take into consideration the physical features of the constituency.

(3) Nothing in this section shall affect the representation in the House of the People or in the Legislative Assembly of a State until the dissolution of the House or the Assembly, as the case may be, existing on the date of publication in the Gazette of India of the order made by the Commission under sub-section (1) relating to the readjustment of such representation.

9. Power to amend the order after the Commission has ceased to function. - After the Commission has ceased to function, any mistake in the order made by the Commission under sub-section (1) of section 8 or any error arising therein from any slip or omission and any other change which is not of a substantial character may be also made therein by the Chief Election Commissioner by order published in the Gazette of India.

STATEMENT OF OBJECTS AND REASONS.

Articles 81(3) and 170(4) of the Constitution provide that upon the completion of each census the representation of the several territorial constituencies in the House of the People and in the Legislative Assembly of each State shall be readjusted by such authority, in such manner and with effect from such date, as Parliament may by law determine. The present delimitation of Parliamentary and Assembly constituencies is based on the estimates of population which have been given legal authority by an order of the President under article 307 and are accordingly restricted to elections held during the first three years after the commencement of the Constitution. If any general election has to be held after the 26th January, 1953, it will not be constitutionally correct to do so on the basis of the existing delimitation of constituencies. A "readjustment of representation" under articles 81(3) and 170(4) is therefore necessary.

The object of the Bill is to set up a Delimitation Commission for the purpose of effecting readjustment of the representation in the House of the People and in the State Legislative Assemblies (including those of Part C States) on the basis of the population as ascertained at the census of 1951. The Bill also seeks to lay down certain instructions as to the manner in which such readjustment will be made for the guidance of the Delimitation Commission. These instructions are generally based on the provisions of articles 81(1) and 170(2) of the Constitution and the procedure followed in assigning seats to the State Legislative Assemblies and in delimiting Parliamentary and Assembly constituencies under the Representation of the People Act, 1950. It has been also provided in the Bill that the readjustment will apply to every general election to the House of the People or to a State Legislative Assembly held after the final orders of the Commission have been published, and to every bye-election arising from such general election.

NEW DELHI;

FINANCE MEMORANDUM

The Delimitation Commission Bill contemplates the setting up of a Delimitation Commission for the purpose of effecting readjustment of the representation in the House of the People and in the State Legislative Assemblies on the basis of the population as ascertained at the census held in 1951, as required under clause (3) of article 81 and clause (4) of article 170 of the Constitution.

The Commission is to consist of three members of whom two shall be appointed from among persons who are or have been judges of the Supreme Court or of a High Court and the Chief Election Commissioner shall be an ex-officio member of the Commission. The Commission shall also associate with itself persons nominated by the Speakers of the several Legislative Assemblies for assisting the Commission. The Commission will also have a small office staff. It is difficult to anticipate how long the Commission will take to complete its work or to make an estimate of its expenditure. As far as can be anticipated, the cost involved will be about Rs. 2,00,000 (recurring) for a period of about six months. The estimate is necessarily a rough one.

SECRETARY TO THE GOVERNMENT OF MANIPUR.

RECEIVED

THE CONSTITUTION ( SECOND AMENDMENT ) BILL, 1952

( as introduced in the House of the People )

A  
BILL

further to amend the constitution of India.

Be it enacted by Parliament as follows :-

1. Short title. — This Act may be called the Constitution ( Second Amendment ) Act, 1952.

2. Amendment of Article 81. — In sub-clause (b) of clause (1) of article 81 of the Constitution, for the figures " 750, 000 " the figures " 850, 000 " and for the figures " 500, 000 " the figures " 650, 000 " shall be substituted.

STATEMENT OF OBJECTS AND REASONS

Article 81 (1) (a) prescribes an absolute limit of 500 elected members in the House of the People. Article 81 (1)(b) provides that the State shall be divided, grouped or formed into territorial constituencies and the number of members to be allotted to each such constituency shall be so determined as to ensure that there shall be not less than one member for every 750,000 of the population and not more than one member for every 500,000 of the population.

The present delimitation of Parliamentary and Assembly constituencies is based on the estimates of population which have been given legal validity by an order of the President under article 387 of the Constitution. Article 81 (3) of the Constitution, however, requires that upon the completion of each census, the representation of the several territorial constituencies in the House of the People and the Legislative Assemblies of each State shall be re-adjusted by such authority, in such manner and with effect from such date as Parliament may by law determine. A Bill providing for the matters referred to in that article is being introduced in Parliament. Provision has been made in that Bill for the setting up of a Delimitation Commission for the purpose of effecting re-adjustment of the representation in the House of the People and in the State Legislative Assemblies on the basis of the population as ascertained at the census of 1951.

There is a considerable difference between the population of the several States as estimated in the President's order and in the population as ascertained at the census of 1951. At present, seats have been allotted in the House of the People to Part A and Part B State on the basis of one member for every 7.2 lakhs of the estimated population giving a total of 470 members to these States. The census figures are higher in all cases, and in view of the overall limit of 500 members prescribed in article 81(a), it is not possible to increase appreciably the total number of seats allotted to these States. It is accordingly necessary to reduce the representation from one member for every 7.2 lakhs of population to one member for every 7.5 lakhs of population as per 1951 census. As pointed out above, this figure 7.5 lakhs is the maximum permissible under article 81(b) as it now stands; but even so, if the average population of a Parliamentary constituency in any State is to be 750,000, it is obvious that the population of a certain number of constituencies will exceed that figure. It is necessary, therefore, that article 81(1)(b) should be amended relaxing the limits prescribed in that article so as to avoid a constitutional irregularity in delimiting the constituencies for the purpose of re-adjustment of representation in the House of the People as required under article 81(3) of the Constitution. This Bill accordingly seeks to amend article 81(1)(b) of the Constitution so as to replace the figures mentioned in that article by the figures 850,000 and 650,000 respectively.

#### STATEMENT OF OBJECTS AND REASONS

In pursuance of a recommendation of the Conference of the Local Self-Government Ministers of States held on the 7th August, 1948, the Government of India set up the Central Committee on Cantonments under the Chairmanship of Shri S. K. Patil. The Committee *inter alia* reviewed the working of the Cantonments Act, 1924 and after taking into account the views and suggestions of State Governments, Local Bodies, Associations and individuals, made certain recommendations for amending the Act. The amendments proposed in this Bill are mainly based on the recommendations of that Committee. The amendments also largely aim at increasing the efficiency of administration of Cantonment Boards and in doing this system of election in line with general principles adopted for Parliamentary and Municipal elections. It is proposed to abolish communal reservation on Boards and also to provide that one person should not be allowed to be a member of two Local Bodies at the same time.

Certain consequential changes have also been made as a result of the introduction of adult franchise. Power has been taken by the Government to fill up short term vacancies in the office of the Executive Officer by Military Officers when officers of the Military Land and Cantonment Service are not readily available. Boards have been vested with greater powers in respect of recovery of dues and other matters for the sake of improving the efficiency in the administration. Certain amendments are intended to clarify some doubts about the application of certain sections. The Bill also deals with some minor difficulties disclosed by the working of the Act.

## STATEMENT OF OBJECTS AND REASONS

This Bill revises and seeks to replace the Special Marriage Act of 1872 so as to provide a special form of marriage which can be taken advantage of by any person in India and by all Indian nationals in foreign countries irrespective of the faith which either party to the marriage may profess. The parties may observe any ceremonies for the solemnization of their marriage, but certain formalities are prescribed before the marriage can be registered by the Marriage Officers. For the benefit of Indian citizens abroad, the Bill provides for the appointment of Diplomatic and Consular Officers as Marriage Officers for solemnizing and registering marriages between citizens of India in a foreign country.

2. Provision is also sought to be made for permitting persons who are already married under other forms of marriage to register their marriages under this Act and thereby avail themselves of these provisions.

3. The Bill is drafted generally on the lines of the existing Special Marriage Act of 1872 and the notes on clauses attached hereto explain some of the changes made in the Bill in greater detail.

C. C. BISWAS.

New Delhi;  
The 23rd July, 1952.

## NOTES ON CLAUSES

*Clause 1.*—The Act is to have extra territorial operation so as to permit of marriages between citizens of India being solemnized outside India.

*Clause 3.*—Diplomatic and Consular Officers may be appointed as Marriage Officers outside India.

*Clause 4.*—Apart from the fact that the provisions of this Act, if passed, will apply to all persons marrying thereunder irrespective of the religion they may possess, the other changes of importance which have been made in this clause, as compared with section 3 of Act III of 1872, are the following, namely:—

(a) the addition of a new condition relating to lunacy and lunacy as in sub-clause (b);

(b) the raising the age limit for marriage to 16 in the case of either party, subject to the obtaining the consent of the father or guardian where he or she has not attained the age of 21 years;

(c) the provision for marriages abroad between citizens of India;

(d) the re-statement of prohibited degrees in simpler terms.

*Clauses 5 to 13.*—Apart from minor drafting changes, these clauses correspond to sections 4 to 13 of Act III of 1872 except that in clauses 5 and 11 the period of 14 days now available is being increased to 20 days. Incidentally, in clause 8 a special provision is sought to be made for the disposal of objections in the case of intended marriages abroad.

*Clause 15* is a new and useful provision on the lines of section 12 of the Christian Marriage Act, 1872.

*Clauses 14 to 17* are new and provide for the registration under this Act of marriages solemnized in other forms, so as to enable the parties thereto to avail themselves of the benefits of this Act. No application for such registration can, however, be made unless it is signed by both the parties to the marriage.

Clauses 18 to 27 correspond to sections 22, 23, 25, 26, 17, 24, 19, 18, 16, and 21 respectively of Act III of 1972. With respect to clause 19, the Caste Disabilities Removal Act, 1850, provides that so much of any law or usage as may be held in any way to impair or affect any right of inheritance of any person by reason of his or her renouncing or having been excommunicated from the communion of any religion or being deprived of caste shall cease to be enforced as law. In clause 21 it is now provided that the mother also, if otherwise entitled, may adopt a son.

Clauses 28 to 35.—Although some of these clauses are new, they are self-explanatory and do not call for any comment.

Secretary to the Govt. of Manipur.

Government of India decision No.2.- The cost of vaccinations, inoculations and injections for prophylactic and immunising purposes taken before commencement of international travel by Government servants and their families and non-officials in order to procure health certificates required under international travel regulations may be reimbursed to them from Government funds, provided they are travelling on duty or on authorised leave in circumstances in which they are entitled to fares at Government expense.

These orders will be effective from the 1st June, 1950.

[ Ministry of External Affairs letter No.F.7(6)-II/49, dated the 19th June, 1950. ]

Government of India decision No.3.- Dental treatment even when it is obtained at a Government hospital under the advice of the authorised medical attendant is not covered by these rules but if the diagnosis of the physician or other disability from which a Government servant is suffering indicates that teeth are the real source of disturbance he is entitled to free dental treatment provided it is of a "major" kind such as treatment of a jaw bone disease, wholesale removal of teeth etc. It does not include stopping of toothache or the free supply of artificial denture.

Late Deptt.- of S.H.L. No. F. 16-4/42-H, dated the 24th July, 1942.

Explanation - Surgical operations needed for removal of carious and impacted teeth also fall under the category of dental treatment of a major kind. The treatment of a boil comes under oral surgery (surgery of the mouth) and as such it is included under the rules.

Note 1.- Under these rules massage treatment is not admissible but it has been decided that claims in respect of such treatment may be admitted with the special sanction of the Government of India, Ministry of Health and Finance, subject to the fulfilment of the following conditions:-

- (2) that it should be carried out by a trained masseur;
- (3) that the progress of such treatment should be reported at stated intervals to the authorised medical attendant;
- (4) that it should be certified by the authorised medical attendant that the treatment has been completed, or that the case has reached the stage of maximum benefit from the treatment.

[ D.G.H.S.'s Circular letter No. F.15-6/49-M II, dated the 8th June, 1949, to all Surgeons General and Civil Surgeons. ]

( Each case of this kind will be examined on its merits and a refund not exceeding Rs.10 per visit of the masseur may be allowed. )

Note 2.- Treatment does not include testing of eyesight for glasses or provision of spectacles.

Note 3.- In the case of female Government servants 'treatment' includes confinement as it does in the case of the members of the Government servant's families.

Note 4.- A patient suffering from mental diseases does not receive medical attendance and treatment in accordance with these rules but is governed by the Indian Lunacy Act, 1912. Mental treatment is, therefore, not deemed to be covered by the Medical Attendance Rules.

[ Min. of Health letter No. F.6-97/48-M II, dated the 4th December, 1948. ]

Note 5.- If an ambulance is used to convey a patient to a place of treatment or to convey a patient from the hospital to another hospital for purposes of certain medical examinations etc., the charges incurred by the Government servant of that account are refundable under the rules.

Note 6.-

- (1) the ambulance is used to convey the patient from the hospital to the belonging residence after treatment.
- (2) the ambulance used is a Municipal ambulance and not the ambulance belonging to the hospital at which the treatment is undertaken;
- (3) the ambulance is used to convey a patient to a private hospital even when the ambulance belonged to a Government hospital as the patient is necessarily to be admitted to a Government hospital or the hospital maintained by the local authority or recognised hospitals for treatment.

Note 7.- Taxi charges, tonga charges, and other conveyance charges incurred to convey a patient from his/her residence to the hospital are not admissible under the rules.

Note 8.- There is no provision in the rules for the payment of charges on account of an attendant at the hospital.

(b)(1) the employment of such Pathological, Bacteriological, Radiological, or other methods as are considered necessary by the authorised medical attendant.

Note 9.- In Delhi and other Centrally Administered areas and in India the authorised medical attendants are whole-time employees of the Central Government and so cannot charge any fees for medical attendance or for administering injections from Central Government servants.

- (ii) the supply of such medicines, vaccines, sera or other therapeutic substances are ordinarily available in the hospital.

Note.- Treatment as an out-door patient in any hospital is generally free. If a Government servant attends a Government hospital as an out-door patient and if the authorised medical attendant prescribes the medicines which he purchases from the market then the cost of medicines may be refunded. But an 'essentiality' certificate in the form given under Rule (h) (iii) should be produced.

(iii) the supply of such medicines, vaccines, sera or other therapeutic substances not ordinarily so available as the authorised medical attendant may certify in writing to be essential for the recovery, or for the prevention of serious deterioration in the condition of the Government servant.

Note 1.- This concession was granted with effect from the 9th May, 1946.

(6) To assist the polling officer, there shall be appointed by the Board at a meeting an Election Committee consisting of not more than five rate-payers of the ward or section who are not themselves candidates or agents of candidates. No election shall be void because any or all of the members of the committee fail to attend: if less than three members attend, the polling officer may appoint other rate-payers not being themselves candidates or agents of a candidate up to the number of three and the persons thus appointed shall then be deemed to be members of the Election Committee.

29. (1) On the morning of the election day the Chairman shall supply the polling officer with the following:—

(3) No candidate or agent of a candidate shall be admitted into the inner compartment except for recording his own vote.

(4) The polling officer shall regulate the number of voters to be admitted at any one time into either the inner or the outer compartment.

33. Immediately before the commencement of the poll—the polling officer shall satisfy such persons as may be present in the outer compartment that each ballot box is empty and shall then lock it and place upon it his seal in such manner as to prevent its being opened without breaking such seal.

34. The candidates and their agents shall not speak to or address any intending voter in the polling booth, but may submit to the polling officer objections to a voter on any of the following four grounds:—

(1) That his name is not on the Final Electoral Roll of the ward or section in respect of which the election is being held.

(iii) No objection to an intending voter shall be entertained except on the grounds mentioned in rule 34.

(iv) Any objection shall be summarily decided by the polling officer, who may for this purpose take such evidence as may be available on the spot.

(v) If after taking such evidence the polling officer disallows the objection or if no objection is raised, he shall hand the voter the foil of a voting paper for the ward or section and shall allow him to proceed to vote.

(vi) Immediately before a voting paper is delivered to a voter it shall be marked on the back with the official mark and an indication shall be placed in a copy of the Electoral Roll against the number of the voter to denote that he has received a voting paper, but no note shall be made of the particular voting paper which he has received.

(vii) The number of the voter in the Final Electoral Roll shall be marked on the counterfoil of his voting paper.

(viii) A voter who has received a voting paper shall forthwith be directed by the polling officer or a person (not being a candidate or his agent) deputed by the polling officer for this purpose, to a place set apart therefore in the inner compartment and shall there mark a cross, within the space headed "voter's mark" on the voting paper, against the name of any candidate for whom he intends to vote. He shall then conceal his vote by folding the voting paper and shall put the paper so folded into the ballot box. He shall vote without undue delay and shall quit the polling enclosure as soon as he has put the voting paper into the ballot box.

(ix) If the voter is illiterate or is unable to make a cross thereon, the polling officer shall either give such assistance as may be required by the voter for the purpose of recording his vote or, shall himself mark the vote on the voting paper according to the direction of the voter at the place set apart within the inner compartment under clause (viii) of this rule provided that if the voter is required to stand in the outer compartment the voter shall then put the voting paper folded as prescribed in clause (viii) into the ballot box.

36 (1) A polling officer or a member of an Election Committee at a polling centre where he is not entitled to vote shall be allowed to record his vote to his producing a certificate on a voting paper from the polling officer at a polling centre that he is entitled to vote at such other centre.

(2) His vote shall be recorded in the manner prescribed in rule 35 except that his voting paper after being filled in and folded as there prescribed shall be placed with the certificate in a sealed envelope by the polling officer and sent to the polling officer of the other polling centre who shall receive it from the envelope and put it in the appropriate ballot box.

37. It shall be the duty of the polling officer and the Election Committee to see that votes are recorded with the utmost secrecy, that the number on the voting paper handed over to a voter is not divulged to any other person, that no persons are admitted to either compartment except under these rules and that persons who have recorded their votes or against whom objections have been allowed are caused to leave immediately. It shall also be their duty to see that these rules and any special direction given by the polling officer thereunder are strictly observed.

38. (1) On the conclusion of the poll, the polling officer shall, with the assistance of the Election Committee, in the presence of the candidates or their agents, if any—

- (a) satisfy himself that the seals affixed to the ballot boxes under rule 35 are intact, and either
- (b) forthwith, when there is only one polling centre in the ward or section, open the ballot box and scrutinise the votes in accordance with rule 39 or

(2) The chief polling officer shall thereupon with the assistance of the Election Committee in the presence of the candidates or the agents if any, satisfy himself that the seals are intact, open the ballot boxes and scrutinise the votes in accordance with rule 39.

39. Any voting paper not marked, marked otherwise than with a cross, or marked elsewhere than in the space provided for the purpose or on which more than one cross are marked than there are vacancies, or on which a cross is so placed as to be doubtful to which candidate the vote has been given, or on which any mark is made by which the voter may be identified shall be invalid. A note to this effect shall be made upon it by the polling officer and it shall not be included in the count.

40. (a) When the voting papers have been scrutinised the polling officer or chief polling officer shall with the assistance of the Election Committee, in the presence of the candidates or their agents if any, count the valid votes and declare to be elected in any ward or section the candidate or candidates who have obtained the highest number of votes has been given.

(b) If there be an equality of votes and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, he shall by drawing lots in such manner as he may determine select one of such candidates whom he shall declare to be elected.

41. The polling officer or chief polling officer shall forthwith, if not himself the Chairman, report in writing the result of the election to the Chairman.

42. When a candidate has been elected for more than one ward or section,—

(a) he shall be declared by the Chairman to have been elected for such ward or section if any, out of those wards or sections in which the election has been uncontested,

(b) otherwise, within five days from the date of the election, he shall declare which such wards or sections he will represent and if he fails to make such declaration, the Chairman shall forthwith declare

In either case such candidate shall be held to be elected in the ward or section in respect of which a valid declaration has been made under this rule and in every other ward or section for which the said candidate has been elected the result of the election shall be determined as if no votes had been recorded for him :

Provided that, if there is no other candidate for whom votes have been recorded to fill the vacancy thus caused, a fresh election shall be held.

43. A second election shall begin at the stage from which the original election failed, e.g., if the election failed at the time of polling a fresh poll only shall be held, or if the election failed for want of candidates, fresh nominations shall be called for.

44. 45. On the expiry of 30 days from the date of the declaration of the result of the election, or, if an election petition has been filed under section 13A of the Act, as soon as possible after the disposal of the petition, the voting papers in the ballot boxes and the sealed books containing unused voting papers and counterfoils shall be destroyed in the presence of such member or officer as the Board at a meeting may appoint for this purpose.

46. The list of duly elected candidates for the whole municipality shall be forwarded by the Chariman through the Magistrate to the Chief Commissioner for publication by him in the Manipur Gazette.

47. In a municipality where the Magistrate is the Chairman, the duties assigned to the Chairman in these rules shall be discharged by the Vice-Chairman.

48. If in any case such a course appears to the Chief Commissioner to be necessary he may direct that the Magistrate shall perform all or any of the duties assigned by these rules to the Chairman or the Board at a meeting. Provided that the Magistrate shall always perform such duties for the purpose of the first election in a newly created municipality.

49. No person having directly or indirectly by himself or his partner or otherwise any share or interest in any contract or employment with, by or on behalf of the Board or holding any office of profit under the Board shall directly or indirectly engage in canvassing for votes or otherwise assist in the election of any candidate otherwise than by giving his own vote. Any breach of this rule will render an employee liable to dismissal and any such contract liable to be determined without compensation, without prejudice to any other remedies civil or criminal that may be open to the Board.

50. All costs incurred in the preparation, printing and publication of the Electoral Rolls, the publication of notices, the holding of elections or the taking of any other necessary action under these rules, shall be payable by the Board out of the municipal fund.
